

HOLGER'S KEY MESSAGES

Actively work to create new, innovative club models. Expand our reach by creating a satellite club and by forming a community-based Rotaract Club

Every club should host one strategic meeting each year and ask:

- What should our club look like in 5 years time?
- What steps should we take to help achieve that vision?
- What value do we bring to members?

Select new members carefully. Make sure that they are a good fit with your club and that your club meets their expectations. Engage them and take care of them. There is no wrong age to become a Rotarian.

Continue your club's efforts to end polio by donating to End Polio Now and by hosting a World Polio Day Event in October. We must fulfil the promise that we made to the children of this world.
